STAKEHOLDER ENGAGEMENT POLICY

1. PREFACE

Pranav Vikas (India) Private Limited recognizes that meaningful and transparent engagement with its stakeholders is essential for building trust, understanding stakeholder expectations, identifying emerging risks and opportunities, and creating sustainable long-term value.

The purpose of this Stakeholder Engagement Policy ("Policy") is to establish a structured, consistent and accountable approach for identifying, prioritizing, engaging with and responding to Pranav Vikas's stakeholders through transparent, inclusive and responsive communication.

The policy supports Pranav Vikas in understanding stakeholder needs, interests, expectations and concerns, identifying opportunities and risks arising from stakeholder feedback, incorporating relevant stakeholder insights into business decisions, sustainability priorities, risk management processes and long-term value creation initiatives; and strengthening relationships based on trust and mutual benefit.

Pranav Vikas and its companies are committed to maintaining open, respectful, transparent and responsible relationships with its stakeholders. The group will provide appropriate and accessible channels through which stakeholders can communicate their expectations, concerns, feedback and grievances.

This policy is intended to promote consultative and collaborative engagement, active listening, equitable treatment of stakeholders, timely communication and effective follow-up on material matters raised through engagement.

2. APPLICABILITY

This policy applies to all Pranav Vikas companies and extends across all business units, plants, offices, warehouses, project sites, and other operating locations. Each business unit and operating location shall undertake stakeholder engagement in accordance with the principles and requirements of this policy and shall foster transparent, constructive, and mutually beneficial relationships with stakeholders relevant to its operations.

3. DEFINITIONS, TERMS AND ABBREVIATIONS

- **Stakeholder:** Any individual, group, organization or institution that may affect, be affected by, or perceive itself to be affected by Pranav Vikas's activities, products, services, decisions or performance.
- **Employee:** Any person employed by Pranav Vikas, whether on a permanent, probationary, temporary, contractual, trainee, apprentice, consultant, retainer or other work arrangement, and including workers and personnel engaged at any unit, plant, office, project site or operating location of the Company, as applicable.
- **Stakeholder Engagement:** The process through which Pranav Vikas identifies, communicates with, consults, listens to, responds to and collaborates with stakeholders to understand their legitimate needs, interests, expectations and concerns.

4. OBJECTIVES

Pranav Vikas's stakeholder engagement process aims to:

- i. Understand stakeholder expectations, concerns and priorities.
- ii. Build and maintain constructive relationships.
- iii. Identify actual and potential impacts of Pranav Vikas's activities.
- iv. Identify ESG, operational, reputational and business risks and opportunities.
- v. Improve products, processes and services through stakeholder feedback.
- vi. Support informed business and sustainability decision-making.
- vii. Identify issues that may be relevant to Pranav Vikas's sustainability priorities.
- viii. Strengthen employee engagement and organizational culture.
- ix. Improve supplier and business partner relationships.
- x. Support responsible community development.
- xi. Provide appropriate mechanisms for raising concerns and grievances.
- xii. Promote continuous improvement in stakeholder relationships and Company performance.

5. STAKEHOLDER IDENTIFICATION

Pranav Vikas shall identify stakeholders at both the Group level and the individual company, business unit, plant, office, project site, warehouse, and other operating-location levels, based on the nature and extent of their relationship with the Group and the specific operations, activities, impacts, and relationships associated with each operating location.

Stakeholders may be identified and categorized based on factors including:

- i. Degree of impact from Pranav Vikas's operations, activities, products, and services
- ii. Level of influence on Pranav Vikas's activities, decisions, and operations
- iii. Degree of dependency on Pranav Vikas
- iv. Level of interest in Pranav Vikas's activities, performance, and sustainability matters
- v. Nature, significance, and duration of the relationship
- vi. Geographic proximity to Pranav Vikas's operating locations
- vii. Potential risks and opportunities associated with the stakeholder relationship
- viii. Other relevant business, operational, social, environmental, and sustainability considerations

The stakeholder list shall be reviewed periodically at the group, company, functional, business unit, and operating-location levels and updated, as necessary, to reflect changes in operations, stakeholder expectations, local context, business priorities, and material ESG and sustainability issues.

6. KEY STAKEHOLDER GROUPS
